As a recent graduate with a degree in Information Technology, I am seeking an entry-level position where I can leverage my skills and knowledge. With a passion for technology and problem-solving, I am eager to contribute to a dynamic team. I aim to utilize my expertise to help your company make informed decisions, optimize processes, and achieve strategic goals.

EDUCATION

Bachelor of Science in Information Technology, Specialization in Business Analytics
(Bulacan State University Guinhawa, City of Malolos, Bulacan
2020-2024)

Technical-Vocational Information and Communications Technology
(Arellano University Bayan-Bayanan, Malabon City
2018-2020)

CERTIFICATES

- Certified Project Smarter Philippines through Data Analytics, R&D, Training, and Adoption (SPARTA) Data Associate -2023

EXPERIENCE

Internship / OJT

- Salesforce - Accenture - 2024
  - *Gained proficiency in Salesforce CRM, Apex, Visualforce, and Lightning Components, enhancing technical and analytical skills through hands-on project work and real-world problem-solving.*

Research/Capstone Projects

- Forecasting Water Consumption in Residences of Catmon, Malolos City: A Predictive Modeling Approach
  - *Developed skills in data preprocessing and preparation, using Excel and Python for accurate and effective analysis and predictive modeling.*

- Enrollment Process: Building Analytical Model and Dashboard
  - *Enhanced abilities in data preprocessing and interpretation, and developed proficiency in using Excel, Weka, SPSS, and Power BI for creating analytical models and interactive dashboards.*

- Cultivating Growth Dashboard: Insights and Strategies for Bulacan's Education and Business Sector
  - *Enhanced skills in data preprocessing and dashboard development with Excel, turning dummy data into strategic insights for education and business growth.*
